I am a contemporary art practitioner interested in working at the intersection of production and curation within gallery spaces and large-scale art platforms such as biennales. My experience in gallery operations has shaped how I understand exhibitions, not just as displays, but as processes that involve coordination, spatial thinking, and audience engagement.

I hold a Bachelor's degree in Fine Arts with a specialization in Contemporary Art Practices, and I am particularly drawn to how curatorial decisions and production frameworks influence the way art is experienced. I am comfortable managing multiple responsibilities, working collaboratively, and adapting to the evolving needs of exhibition environments.

Fluent in English, Bengali, and Hindi.
